About

I'm a graphic design student at Utah Tech University with a background in studio arts. My passion for design began in a typography class, where I discovered a deep appreciation for detail, structure, and intentional design choices. Since then, I've enjoyed working across a wide range of projects, from branding to layout and illustration. I focus on creating clean, cohesive, and creative designs that communicate clearly while still feeling visually engaging. I'm especially drawn to building strong visual identities and bringing ideas to life through thoughtful design systems. After graduating, I hope to join a design firm where I can continue to grow, collaborate, and refine my craft.

Education

AA Studio Arts

Golden West College - 2024

BS Graphic Design

Utah Tech University - 2026

Job Experience

Handhive Academy Internship

OCT 2024- MAR 2025

Discovered this internship through Utah Tech's volunteer fair and volunteered beyond coursework to gain real-world design experience. Took on extra projects to build skills, expand my portfolio, and contribute meaningfully, while connecting with professionals and strengthening community relationships.

UTSA Graphic Designer

JUL 2025- CURRENT

Work 20 hours per week creating visual materials for multiple campus campaigns, including banners, A-frames, and event graphics. Go beyond job responsibilities by assisting with event setup, supporting fellow students, and contributing to behind-the-scenes efforts to ensure memorable school experiences. Collaborate with event planners and peers to bring ideas to life and enhance engagement across campus.
